Tuxor, 10.3.50 We have been
thinking here a lot about "Uncle
George"; your name has opened in the
doors of Chicago House where we met
Mr. Hughes and the couple Nelson (who
started Chic. H.). To-day at Thebes:- tomb
Deir el Bahri, Medinet Habu (wonderful!!!)
We had a good flight to Cairo, but I found
almost 11 hours flying rather exhausting.
He visited already Mr. Drioton, but I
met him when he was conducting some
people round the Museum. Er wird one
rile hören lassen! We have 3 days at
Tuxor as least has to lecture Wednesdays
& Sundays. Labor more. All good wishes
