Professor George Steindorff,
4420 Ponca Avenue,
North Hollywood,
California.

Dear Uncle George:

Here are the photographs of the two pieces of relief which are still at Demotte's. The other two were sold to Heeramaneck, who phoned me about them. He said that he had already sent you photographs -- about a year ago; probably you didn't realize that they had belonged to the Demotte lot. He is willing to provide other photos if you can't lay your hands on those, but I said that I'd ask you about them first. His address, if you care to write to him yourself, is 322 East 57th Street.

Take care of yourself and don't work too hard,

Love -

Nora
