Dear Uncle George:

Many thanks for your good letter of yesterday. The enclosed carbon, of a letter which I am mailing simultaneously with this, will sufficiently tell you how Keith and I now feel about the matter. My understanding is that Wieck is returning the MS to you at once. If you do not receive it within a reasonable time, please let me know.

When you can spare it again, I suggest that you send it to Augustin in New York so that he can make his estimate. By that time probably Bull will have had time to get the Bollingen people's views about giving it to Augustin. I cannot imagine that they would object, under all the circumstances.

I gave Keith your greetings over the telephone, for himself and Diegerika. He and Jean join me in warmest greetings to you and yours, and in the hope that the Koptische Grammatik³ may really soon be printed!

With love, as always
Your nephew
Billy
