Professor George STEINDORFF  
11581 Cumpston Street  
North Hollywood (California)

Dear Professor Steindorff,

Please excuse me for answering to-day  
only your letter of March 24. We were absent for two weeks,  
which explains the delay.

First, let me thank you for the  
translation of the inscription on the XVIIIth dynasty wooden  
statuette. This interested us greatly and we are extremely  
grateful to you.

As regards the IVth dynasty relief,  
we shall be very glad to have you publish it. It is indeed a  
great compliment to the piece. It is a superb sculpture that  
we like extremely. I am sending you enclosed two photographs  
that will give you a better idea of the real quality of the  
object than the very poor one we sent to Los Angeles and which  
was unfortunately the only one available at the time.

You will find the dimensions on the  
back of the photographs.

I hope that you will allow us to make  
use again of your great knowledge in the future. I cannot tell  
you how helpful this would be to us.

Thanking you again, I remain, dear  
Professor Steindorff,

Sincerely yours

*Marguerite Mallon*
