Dear Mr. Barrett,

First of all let me express my profound gratitude to you and the trustees of your foundation for the most gratifying interest in my Coptic Grammar which gives me the hope, to see my work presented in print to the Coptic scholars in not a too distant a future.

In particular, please accept my thanks for your personal efforts also in ~~the~~ communicating with Mr. Couch which facilitates the procedure greatly. I shall write to Mr. Couch ^{and} give him

all the information ~~of preliminary~~ he might need prior to sending him either the ^{proper} manuscript, or the microfilm of it. ~~The latter~~ This must be discussed because the latter has been revised and shortened.

~~Realizing, I am just expecting return of that part of the German ms. not yet~~

Please rest assured that every-
thing will be done on my part to
expedite matters as much as
possible

Most sincerely yours,

G. Hoff
