Dear Steindorff,

I enclose ~~part~~ of a letter received this
morning from Dr. Gordon Director of the
University Museum, Philadelphia U.S.A.
I took the opportunity some time ago ~~to~~ writing
to him about other things to enquire about
the Archibald material. Will you not
write to him now & settle the matter
on your

Yr. Sincerely,
The Griffiths.

I have no knowledge of any agreement with Steindorff
for the publication by him of the material collected by
Macdon + Woolley at Anibeh —

relating to New Kingdom tombs. If such an agree-
ment was made it was made without my knowledge.
I have not heard from Steindorff at all. How-
ever, there should be no difficulty about the
matter because so long as I have been Director of
this Museum our policy has been to make all of
our collections accessible to competent scholars
everywhere for study and publication. When they
cannot visit the Museum for this purpose we endeavor
to provide photographs and notes when they are re-
quired. The New Kingdom material from Anibeh and
other sites in Nubia is still unpublished and if
Steindorff will let me know what he desires I will
endeavor to comply with his wishes.

Very sincerely yours

G. B. Gordon
