Dear Professor Steindorff,

I got back to this Museum last Monday, but did not find, among the pile of letters awaiting me, anything from you regarding the Aníbeh material. I mention this because you told me, in your last letter, that you would be se/nding me some questions. I am leaving here for good towards the end of September, and it would be a great pleasure to me to settle up any outstanding questions regarding this material before I go.

I hope all goes well with you.

With hearty greetings, I am

Yours very sincerely,

Battiscombe Gunn
