

THE UNIVERSITY MUSEUM
UNIVERSITY of PENNSYLVANIA
PHILADELPHIA

28. 9. 31.

Dear Dr. Steindorff,

Heartiest congratulations on the attainment of your seventieth birthday, which I hear is to take place about now!

As you will see from the above address, I have reached the University Museum, Philadelphia. We arrived three ~~days~~^{days} ago, and I am very pleased with the conditions here.

I have spoken to Dr. Jayne, the director here, about the Aniba material, and he has no objection either to your having the original field notes to work on, or to your publishing any data from them or any of the original objects here. Mr. Woolley, who carried out the excavations at Aniba, is also here, and I have spoken to him about the same matter. He also has no objection to your making any use you choose of either the notes or the objects.

Will you please let me have notes on exactly what you require, and I shall be very happy to do all I possibly can to serve you. Mr Woolley will be in Philadelphia until the end of October, and it is therefore very desirable that I should hear from you before then, ~~so~~ so that I can consult Mr Woolley about these matters. His help will be of very great value, as he is the only person who can give first-hand information about the Aniba work. So please let me hear from you by return of post.

With best greetings, believe me, dear Dr. Steindorff,

Yours very sincerely,

Battiscombe Gunn
