My dear Steindorff,

We are in considerable difficulties regarding the budget for Nubia. The Public Works Ministry has cut down our budget in an awful way. On the other hand I can make ends meet if I can have your manuscript before the end of the present year as Emery and Kirwan will have some money in hand at the conclusion of their excavations next winter, so I hope to be able to pay for your volume from that.

Please let me know as soon as possible whether you can oblige me in this matter.

Mit besten Grüss

Yours very sincerely

R Engelbach
