

### Human Rights, B.A.

Students transferring from a college or university using the Texas Common Course Numbering System (TCCNS) may use this academic plan as a model for on-time completion of the degree. This plan prioritizes completion of major and Common Curriculum (CC) requirements, while maximizing use of TCCNS courses in Year 1 and Year 2. Course availability at SMU is subject to change, and the plan shown below may change based on updates to SMU's course offerings. Check the [Undergraduate Catalog](#) for degree requirements and prerequisites and the online [Transfer Equivalency Guide](#) for transferable course options.

The Human Rights program is an interdisciplinary program which requires students to pursue a second major or minor. No more than 6 credit hours taken for the Human Rights major can be counted towards any other major or minor. For more information about the Human Rights program and the major, go to [smu.edu/HumanRights](http://smu.edu/HumanRights).

\*The Human Rights major requires 11 credits of a single world language. However, students may also demonstrate proficiency, through an approved means, for both the major and the Common Curriculum requirements.

#### SMU Degree

A degree from SMU is comprised of a minimum of 120 hours, of which 60 credits (for community college transfers) or 48 credits (for four-year college transfers) must be completed at SMU, and where 42 credits must be in courses at the 3000-level or higher. The degree requires completion of a major and the Common Curriculum (CC) and may include elective courses or a second major or minor.

# Common Curriculum

The table below outlines the [Common Curriculum \(CC\)](#), SMU's general education and graduation requirements, and the TCCNS courses that are pre-approved to fulfill each requirement. Please refer to the [CC External Credit Policies](#) page to review related policies. **Courses in bold fulfill both a Breadth and a Proficiency & Experience.**

# External Transfer Credit Policies

Transfer credit is awarded for courses with a grade of C- or better at regionally accredited colleges or universities that meet SMU's academic standards. Courses with a grade of D+ or lower are not transferable to SMU for credit, however the grades are calculated into the transfer GPA. Vocational-technical courses (including WECM), courses below college level, credit by examination earned at another college or university, PE activity courses in excess of two hours, and ROTC credit in excess of twelve hours do not transfer.

## Common Curriculum Policies

The Common Curriculum policies differ depending on the type of transfer student you are when you enter (matriculate to) SMU. Read the definitions and policies below to confirm how your credits will apply to the Common Curriculum.

**First Year (FYR):** a student who hasn't taken any college credits since graduating from high school.

**First-Year Transfer (FYT):** a transfer student with 1-23 hours of college credits taken after high school graduation.

**Transfer (TRN):** a transfer student with 24+ hours of college credits taken after high school graduation.

Courses used to fulfill the CC must be at least 3 semester credit hours. Students transferring from a quarter system should multiply their credits by 0.667 to convert them to semester credit hours.

Requirement	First Year (FYR) & First-Year Transfers (FYT)	Transfers (TRNs)
<b>Academic Writing &amp; Critical Reasoning</b>	AW and CR must be completed at SMU, regardless of external credit.	<ol style="list-style-type: none"> <li>1. 	N/A	6. Can be satisfied by transferring two consecutive semesters (6+ credits) taken post-high school (Transfers only)
<b>Breadths (all)</b>	Up to 3 may be satisfied with external credit that is three semester credit hours or more; 4 must be SMU credit.	All 7 Breadths can be satisfied with external credit that is three semester credit hours or more.
<b>Proficiencies &amp; Experiences</b>	Can be satisfied by external credit or post-high school activities. All experiences and some dual/concurrent, or transfer credit may need to be petitioned.	

- **External credit:** Credit earned through test, dual/concurrent transfer credit, or transfer credit.
- **Dual/concurrent credit:** course credits completed before high school graduation. Dual credit is work completed through a college (which could be taken at the college or at the high school) that counts for college credit and high school graduation requirements. Concurrent credit is work completed through a college, and the high school does not give credit for graduation purposes.
- **Transfer credit:** college credit completed after high school graduation but before matriculation to SMU. This does not include dual or concurrent credit.
