

Educational Studies, B.S.

Students transferring from a college or university using the Texas Common Course Numbering System (TCCNS) may use this academic plan as a model for on-time completion of the degree. This plan prioritizes completion of major and Common Curriculum (CC) requirements, while maximizing use of TCCNS courses in Year 1 and Year 2. Course availability at SMU is subject to change, and the plan shown below may change based on updates to SMU's course offerings. Check the online [Transfer Equivalency Guide](#) for transferable course options.

All students majoring in Educational Studies must double major. For admission into the program, students must first declare a primary major, complete 12 credits hours of the core content requirement (see page 2) and submit a successful application. For more information about the Department of Teaching and Learning and their major, go to smu.edu/TeacherEducation and click on Undergraduate Programs.

SMU Degree

A degree from SMU is comprised of a minimum of 120 hours, of which 60 credits (for community college transfers) or 48 credits (for four-year college transfers) must be completed at SMU, and where 42 credits must be in courses at the 3000-level or higher. The degree requires completion of a major and the Common Curriculum (CC) and may include elective courses or a second major or minor.

TEA Core Content and SMU's Teacher Preparation Program

Early Childhood – Grade 6

The Texas Education Agency (TEA) requires all Core Subjects Early Childhood – Grade 6 pre-service students to earn 24 credit hours in core content courses. Core content is defined as English, math, science, and social studies. All core content must be completed with a grade no lower than a C (2.000) and students must have an overall 3.000 GPA in all Education courses prior to student teaching.

Students must complete the following 12 credit hours of the core content classes to apply for the Educator Preparation Program (EPP) and the Educational Studies EC-6 major:

- 3 credit hours English
- 3 credit hours math or statistics
- 3 credit hours science (biology, chemistry, physics, geology)
- 3 credit hours social studies (history, government/political science, economics, psychology)

The following additional 12 credit hours of core content are required by TEA to be eligible to student teach. In addition to these credit hours, the major requires 9 hours in fine arts and an additional 9 credit hours in one of the core content areas.

- 3 credit hours English
- 3 credit hours math or statistics
- 3 credit hours science (biology, chemistry, physics, geology)
- 3 credit hours social studies (history, government/political science, economics, psychology)
- 3 credit hours of fine arts – suggested music
- 3 credit hours of fine arts – suggested theater
- 3 credit hours of fine arts – suggested art
- 9 credit hours of one of the core areas (see Educational Studies advisor for options)

Grade 4 – Grade 8

The Texas Education Agency (TEA) requires all Core Subjects Grade 4 – Grade 8 pre-service students to earn 24 credit hours in core content courses. Core content is defined as English, math, science, and social studies. All core content must be completed with a grade no lower than a C (2.000) and students must have an overall 3.000 GPA in all Education courses prior to student teaching.

Students must complete the following 12 credit hours of the core content classes to apply for the Educator Preparation Program (EPP) and the Educational Studies 4-8 major:

- 3 credit hours English
- 3 credit hours math or statistics
- 3 credit hours science (biology, chemistry, physics, geology)
- 3 credit hours social studies (history, government/political science, economics, psychology)

The following additional 12 credit hours of core content are required by TEA to be eligible to student teach. In addition to these credit hours, the major requires 9 hours in fine arts and an additional 9 credit hours in one of the core content areas.

- 3 credit hours English
- 6 credit hours math or statistics
- 3 credit hours science (biology, chemistry, physics, geology)
- 3 credit hours social studies (history, government/political science, economics, psychology)

External Transfer Credit Policies

Transfer credit is awarded for courses with a grade of C- or better at regionally accredited colleges or universities that meet SMU's academic standards. Courses with a grade of D+ or lower are not transferable to SMU for credit, however the grades are calculated into the transfer GPA. Vocational-technical courses (including WECM), courses below college level, credit by examination earned at another college or university, PE activity courses in excess of two hours, and ROTC credit in excess of twelve hours do not transfer.

Common Curriculum Policies

The Common Curriculum policies differ depending on the type of transfer student you are when you enter (matriculate to) SMU. Read the definitions and policies below to confirm how your credits will apply to the Common Curriculum.

First Year (FYR): a student who hasn't taken any college credits since graduating from high school.

First-Year Transfer (FYT): a transfer student with 1-23 hours of college credits taken after high school graduation.

Transfer (TRN): a transfer student with 24+ hours of college credits taken after high school graduation.

Courses used to fulfill the CC must be at least 3 semester credit hours. Students transferring from a quarter system should multiply their credits by 0.667 to convert them to semester credit hours.

Requirement	First Year (FYR) & First-Year Transfers (FYT)	Transfers (TRNs)
Academic Writing & Critical Reasoning	AW and CR must be completed at SMU, regardless of external credit.	<ol style="list-style-type: none"> 1. Satisfied if student transfers in WRTR 10XX and WRTR 10YY; completed as transfer credit. 2. If dual/concurrent or transfer credit is received for WRTR 10XX OR WRTR 10YY, students must take a CR course. 3. If WRTR 10XX and 10YY were both dual/concurrent credit or test credit, students must take a CR course. 4. Satisfied if WRTR 10XX is dual/concurrent credit or test credit awarded by a transferring institution AND WRTR 10YY is transfer credit.
Quantitative Reasoning	Can be satisfied with external credit.	
Second Language	<ol style="list-style-type: none"> 1. Can be satisfied with AP/IB test credit (with an appropriate score). 2. Can be satisfied by a transcript confirming high school study was instructed in a language other than English. 3. Can be satisfied by transferring a language course taken as dual/concurrent credit that is equivalent to SMU's 3rd semester (2401) level or higher. 4. Can be satisfied by transferring a language course taken as post-high school transfer credit equivalent to SMU's 2nd semester (1402) or higher. 5. Can be satisfied by an appropriate score on an SMU-administered OPI or ASLPI test. 	
	N/A	6. Can be satisfied by transferring two consecutive semesters (6+ credits) taken post-high school (Transfers only)
Breadths (all)	Up to 3 may be satisfied with external credit that is three semester credit hours or more; 4 must be SMU credit.	All 7 Breadths can be satisfied with external credit that is three semester credit hours or more.
Proficiencies & Experiences	Can be satisfied by external credit or post-high school activities. All experiences and some dual/concurrent, or transfer credit may need to be petitioned.	

- **External credit:** Credit earned through test, dual/concurrent transfer credit, or transfer credit.
- **Dual/concurrent credit:** course credits completed before high school graduation. Dual credit is work completed through a college (which could be taken at the college or at the high school) that counts for college credit and high school graduation requirements. Concurrent credit is work completed through a college, and the high school does not give credit for graduation purposes.
- **Transfer credit:** college credit completed after high school graduation but before matriculation to SMU. This does not include dual or concurrent credit.
